

Biofinity® multifocal

Premium monthly replacement contact lenses for presbyopia, to provide you incredible comfort¹ and excellent vision at all distances²

Biofinity® multifocal—committed to innovation, committed to comfort. Healthy, comfortable multifocal contact lenses for clear, superior vision at near, far and in-between²

If you are over 40 years old and looking for monthly comfort and clarity of vision in a premium multifocal contact lens, try Biofinity® multifocal contact lenses for clear, superior vision² and incredible comfort that lasts all day¹

Aquaform® Technology locks in water—so you can have incredible comfort that lasts all day¹

Balanced Progressive® Technology provides multiple correction zones in each lens that are tailored to your personal prescription, so you can see clearly at all distances²

Clear, superior vision at near, far and in-between²

High breathability allows 100% of the oxygen to reach your eyes³, to help them stay clear and white**

**High-oxygen transmissibility promotes clear, white eyes.
